**Subject: Gadgets, cutlery & utensils needed for Heera platform towards better catering services.**

Respected Sir,

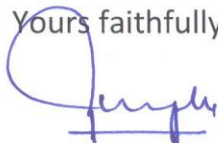

We have visited Neelam & Heera platform in the month of April 2012 along with Mr. Ahluwalia, Manager (HR), we observed that over manning of contractual employees has its repercussion in many ways, mainly on living quarter, laundry and the worst being the galley complete, revamping of the galley is long overdue and is grossly overlooked.

What we understand the complexities of making " requirements" available in offshore has delayed things for over two to three years, this all the more frustrates officers who are making all out efforts to make things available on the platforms.

We will be surfacing all our observation in the following letter, presently we are enclosing a detailed list which either needs urgent revamping and or being supplied in the platform, towards improving the pathetic condition of catering. "The frustration level is at its peak and moral is on the downscale", how long officials will hold themselves together to maintain production levels.

Your esteemed authority is requested to have an overview of the situation and do the needful at the earliest. Is the circumstance not provocative enough to at least resort to hunger strike, which we will be forced to decide by the end of September.

With regards,  
Thanking you,  
Yours faithfully,

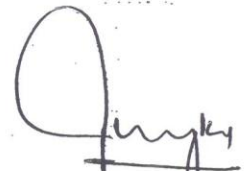

**(Pradeep Mayekar)**  
**General Secretary**
