**Subject : Replacement of pulleys on Rig Sagar Kiran on top priority.**

Respected Sir,

We are in a receipt of serious complaint by our crew on Rig Sagar Kiran regarding safety which has been neglected by Rig Manager of Sagar Kiran. In our earlier letter No. ONGC/KS/288/2015 Dtd.22/06/2015, copy enclosed It has been narrated regarding repairing of Pulleys, Tongs etc. because of this fatal accident can take place.

Already one incident had taken place few years back were pulley of winch fell down on rig floor in front of our crew member Shri. D.K. Koyande which could have been fatal. After giving complaint from our union only two pulleys were replaced and two pulleys are yet to be replaced.

Contract persons were present for few days on rig to replace them. Such remedial action must be taken before any unwanted incident take place. Already we have lost one of our colleague, Shri. Anil D. Mhatre in a fatal accident.

**:: 02 ::**

The crew of the Rig Sagar Kiran is already demoralized due to this accident. We should not take any risk and should complete the remaining job of replacement of pulleys on priority otherwise we will be compelled to stop work on Rig any time. Your authority will be singularly responsible for the repercussions.

We feel such type of representation need not be given by Union or Crew members of the Rig. In fact management must take action for the safety of the crew and rig so that moral of the crew members can be boosted.

Thanking you  
Yours faithfully,

OK
