Sub: Complaint Regarding Non-Functional Wet Grinder at BPB Platform.

Respected Sir,

We are in receipt of a complaint letter from crew members of BPB Platform, a matter causing ongoing inconvenience to the crew stationed at the **BPB Platform**. It is brought to our notice that the **Wet Grinder** available on the platform has been non-functional for the past one month. Despite repeated awareness of the issue, no corrective action has been taken so far.

The absence of a working wet grinder has severely affected daily meal preparations onboard. Essential food items such as **Dosa & Idli** which form an important part of the crew's regular diet, cannot be prepared without properly ground batter. This has directly impacted the quality, variety & nutritional balance of the meals being served to the crew.

Adequate & hygienic food arrangements are critical for maintaining the health, morale & efficiency of personnel working in offshore conditions. Prolonged neglect of such basic facilities reflects adversely on onboard welfare standards.

We sincerely request your immediate intervention & direction to the concerned department to arrange for urgent repair or replacement of the wet grinder at the earliest possible time.

We trust the management will treat this matter with the seriousness it deserves & take prompt action in the interest of the workforce.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary

Respected Sir,

I would like to bring to your kind notice that the wet grinder available at the BPB offshore platform has not been working for the past one month. This is causing significant inconvenience to the crew in daily meal preparations.

Due to the non-functional wet grinder, essential dishes such as dosa and idli cannot be prepared, as the batter cannot be ground without it. This is directly affecting the quality and variety of food being served to the crew onboard.

Despite the issue being known, the problem has still not been resolved. I kindly request you to intervene and direct the concerned authority to arrange for immediate repair or replacement of the wet grinder at the earliest. Your support in resolving this issue will be highly appreciated.

Thanking you.

Rupesh Namdeo Dalvi
