Subject: - Health & Hygiene concern due to Non-Fumigation/ Pest Control on WIN Platform.

Respected Sir,

This is to bring to your kind attention a complaint received from crew members deployed on the **WIN Platform** regarding the non-conduct of **Fumigation/Pest Control** activities for the past several months.

Due to the prolonged absence of **Fumigation/Pest Control**, there has been a significant increase in the number of cockroaches on the platform, particularly in critical areas such as the kitchen & dining spaces. This situation is highly unhygienic & poses a serious concern, especially in areas where food is cooked & served to crew members.

As per the contractual provisions, **Fumigation/Pest Control** is required to be carried out at an interval of once every three months. Fumigation is the only effective measure to control & arrest the proliferation of cockroaches on the platform. However, the same has not been adhered to.

We request that immediate action be taken to arrange **Fumigation/Pest Control** on the **WIN Platform** without any further delay. We urge the management to take this matter seriously, as it directly concerns the health & well-being of the crew members, & to prevent any further complications arising out of this issue.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary
