To,
The Executive Director,
Head Logistics,
ONGC, Western Offshore Unit,
Mumbai.

**Subject: - Bus facility to attend Round the clock Shift duty from
Nhava to Uran & back.**

Respected Sir,

This is in reference to the letter issued by our employees performing round the clock shift duty in Nhava and residing in Uran, Sounding their concern for getting transport facility. Please find a copy attached for your perusal.

While taking into account in totality it is observed that employees plying from Mumbai & Panvel who are also not more than five in numbers including all the shifts, are provided transport facility. Their matter was verbally discussed, requesting that transport facility may be extended from Uran but has fallen on deaf years, as nothing has materialized till date. Even after perusing the matter for so many years with all constitutional methods, will we be wrong if it is attributed as undue exploitation of our patience and continued discriminatory approach towards a section of employees ?.

Keeping in view the geographical conditions and available public transport from Uran to Nhava via Jasai and more importantly existing road conditions, its absolutely necessary that, ONGC transport facility be extended immediately. It can be seen from the fact that the fatigue and frustration faced by the concerned employees are of no material value, with all this if the work efficiency of individual is effected he will only own a stained ACR.

We once again request your esteemed authority to look into the matter, gauging the rationality of the requirement i.e. **providing transport facility to the employees plying from Uran to perform their Shift duty in Nhava**, be considered without further delay. It is also requested 6 wheel base bus be provided.

With regards,

Thanking you,

Yours faithfully,

(Pradeep Mayekar)
General Secretary
