**Sub : Immediate replacement of all busses plying to Uran / Nhava /
Panvel & all Office Installations, Gen Shifts and Round-the-
Clock.**

Respected Sir,

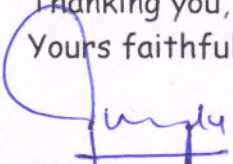

The issue has been taken up at various levels, for the past six months. Head Transport Uran, has always expressed his helplessness mainly because he has no role in deciding the contracts.

Head, Uran Plant in coordination with Head Offshore Logistics, could not possibly, with all their efforts bring in minor changes in the laid down Tender Criteria, so that the present anomalies can be resolved. The precarious condition of the employees proceeding to Uran with the present condition of buses may end only when, accidents which are already happening leads to demise of some employees.

As we cannot afford to bargain such circumstances, we are left with the only option of proceeding on direct action. We once again request your esteemed authority to interfere in the matter and resolve the issue at the earliest. Not hearing anything from your end within 14 days will prompt us to proceed on hunger strike on all installations, "Offshore - Onshore".

With regards,

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary
