Sub.: Request to give proper training to newly recruited crane operators and other recruitees.

Respected Sir,

This has reference to our advertisement no. 4/2018 dated 10/12/2018 regarding recruitment for the various posts in Mumbai Region. Now the recruitment procedure is almost completed and shortly the appointment orders will be issued to the successful candidates.

We must appreciate the efforts of management that first time crane operator tests have been conducted on crane of 40 tons which will definitely help organisation to select the best quality of "Crane Operators". We were pursuing the matter as it was in the interest of organisation. Now we rest assure that there will be no damage to our costly cranes in offshore as well as other gadgets.

Even then for the proper operation of crane operator in offshore, we suggest to given them training at the same time at least one-month training programme must be arranged for new recruitees as most of them are B.E. of different discipline. This training must include fire fighting, sea survival and safety training too. We are giving same training to candidates recruited at B.E. level. These training will give them confidence and will help our organisation for smoother and accident free operation.

Your esteemed authority is requested to initiate the action in advance for training programme of these candidates as very soon they will be joining our organisation.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary
